Chapter 2

1) The production quality of figure 2.1 on page 15 is not good. The shaded area under the second curve is hardly shown. The figure should look like:

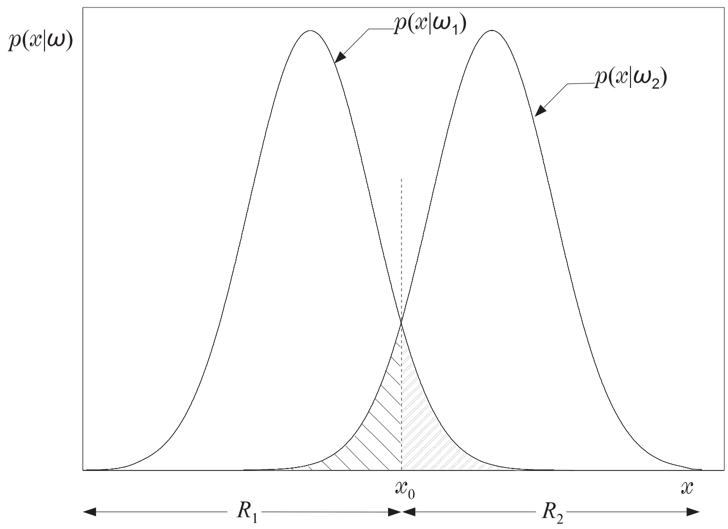

Figure 2.1:

2) Page 19, line 19 from top: It should be "partitioning" instead of "partioning".

3) Page 36, line 13 from top: It should be $\prod_k P(\boldsymbol{x}_k; \boldsymbol{\theta}, P_1, P_2, \ldots, P_J)$.

4) Page 45, line 10 from top: It should be "k is chosen to be odd for a

two class problem, and in general not to be a multiple of the number of classes M".
